### ROSSO DAMASCO

Material: Marble

Color: Red

Reference block: ME0335-14

Total slabs: 1

Total square meters: 4.81

---

Marble from Syria. The red damascus color typical of this stone is crossed over by yellow, orange veins that shades into black , grey tonality with light and dark areas of colors that allow amazing book match solutions. The minerals concentrating in different areas allow different types of finishing from polished to brushed.
