ROSSO DAMASCO Reference block: ME0335-14

Material: Marble Total slabs: 1

Color: Red Total square meters: 4.81

Marble from Syria. The red damascus color typical of this stone is crossed over by yellow, orange veins that shades into black, grey tonality with light and dark areas of colors that allow amazing book match solutions. The minerals concentrating in different areas allow different types of finishing from polished to brushed.
